

# RTI Portal User Manual

## Detailed FAQ and Workflow Reference

Prepared from the provided "RTI (Right to Information) User Manual"

Government of Chhattisgarh RTI portal process guide

### Scope and evidence rule

Every answer in this document is limited to what the supplied user manual states or visibly shows. Questions that the manual does not answer are clearly marked "Not specified in the manual." Those markings are intentional: this guide does not invent legal rules, service times, live portal behavior, or policy details.

*Reference convention: "Manual p. x" refers to the printed page number shown in the supplied manual.*

## How to Use This Guide

This document groups the requested questions by topic and gives a source-bounded answer for each. For process questions, follow the numbered workflow in the manual. For a question marked "Not specified," use the live portal, its ContactUs option, or the responsible authority rather than assuming a rule.

### Source Map

| Manual pages | Primary topic                                                                                |
|--------------|----------------------------------------------------------------------------------------------|
| 2-4          | User registration, required fields, preview/edit, email activation, password rule.           |
| 5-6          | Starting a Second Appeal, RTI instructions, eight-step workflow, character and BPL guidance. |
| 6-7          | Second Appeal relation, reason, Complaint conditions, BPL detail requirements.               |
| 7-10         | PIO/office, RTI details, First Appeal office and application information.                    |
| 11           | Document uploads, formats, maximum file size, Uploaded status.                               |
| 12-13        | Payment selection, e-Challan, bank gateway, success receipt information.                     |

### End-to-End Workflow at a Glance

| Stage          | What the user does                                                          | Key checkpoint                                                |
|----------------|-----------------------------------------------------------------------------|---------------------------------------------------------------|
| Account        | Register, preview, submit, verify email, create password.                   | Email address becomes Login ID.                               |
| 1. Instruction | Read and accept RTI instructions.                                           | Tick the confirmation box before Next.                        |
| 2. Appeal      | Choose Appeal or Complaint; enter reason; declare BPL status.               | Complaint makes payment non-mandatory and documents optional. |
| 3-6. History   | Record PIO, RTI, First Appeal Office, and First Appeal application details. | Use blue manual-entry link if office/officer is not listed.   |
| 7. Documents   | Browse and Upload supporting files.                                         | Use .pdf/.jpeg/.jpg; 20 MB maximum shown.                     |
| 8. Payment     | Select fee where applicable; choose e-Challan bank gateway; submit.         | Retain transaction references and print receipt.              |

*Important: the manual's screenshots are a guide to the documented workflow. Field labels, options, and live behavior should be checked on the actual portal before submission.*

## BASIC QUESTIONS - Frequently Asked

Answers marked "Not specified" intentionally avoid assumptions beyond the source manual.

### Registration & Authentication

#### Q001. How do I register as a new user on the RTI portal?

Open the RTI portal home page and select User Registration from the login area. Read the User Registration General Information screen, tick the declaration confirming that you have read the instructions, and select Next. Complete the registration form, choose Preview, review the information, and select Submit. The portal then shows a successful-registration confirmation and asks you to verify the account through the registered email address.

- Use an email address that you actively control because the verification link is sent there.
- Use Preview before Submit; this is the documented checkpoint for correcting registration data.

Manual basis: User Manual pp. 2-3, sections 1 and 2.

#### Q002. What is the password requirement for the RTI portal?

The manual requires a password with at least 8 characters. It must include at least one lowercase letter, one uppercase letter, and one special character. The manual does not specify any separate requirement for numbers, a maximum length, or a password-expiry rule.

Manual basis: User Manual p. 4, section 2.

#### Q003. How do I verify my email account?

After successful registration, open the verification link sent to the email address used during registration. The link activates the account and opens the password-creation process. Enter the same email address as the login ID, create and confirm a compliant password, then select Create. A confirmation window indicates that user credentials were created successfully.

Manual basis: User Manual pp. 3-4, sections 1-2.

#### Q004. What is the login ID for the RTI portal?

The login ID is the registered email address. The manual explicitly instructs the user to enter the email as the Log-in Id during password creation.

Manual basis: User Manual p. 4, section 2.

#### Q005. How do I reset my password?

**Not fully specified in the manual.**

The screenshots show both a Forgot Password? option and a Get Verification Link to Your Email-id option on the login screen, and the dashboard menu includes Reset Password. However, the manual explains only initial password creation after email verification; it does not provide the exact reset-password steps, timing, or error handling. Use the displayed reset or verification-link option and follow the live portal prompts.

Manual basis: User Manual pp. 2, 4-5 (screenshots and section 2).

#### Q006. What information is required during user registration?

Every field marked with an asterisk (\*) is mandatory. From the registration screenshot, the marked fields are Applicant Type, Name in English, E-mail ID, Mobile No, Caste Type, Gender, Address in English, Pincode, and District. The screen also shows non-starred fields such as Name in Hindi, parents' names, Age, Address in Hindi, Country, State, and Residence Type. The manual does not say whether later portal versions use the identical field set.

Manual basis: User Manual p. 3, registration-form screenshot.

### Q007. Where do I find the "User Registration" button?

The button is on the RTI portal home page in the login panel, below the login fields. The manual screenshot highlights it as User Registration in the lower part of the sign-in area.

*Manual basis: User Manual p. 2, first screenshot.*

### Q008. What happens after I submit the registration form?

After Submit, the portal displays a successful-registration confirmation and directs you to check your email to verify the account. Registration alone does not complete access: you must follow the email verification link and create the password before logging in.

*Manual basis: User Manual pp. 3-4, sections 1-2.*

## Second Appeal Application Basics

### Q009. What is a Second Appeal application?

**Operational description; formal legal definition is not provided.**

In this manual, a Second Appeal application is the portal workflow used after an offline application process involving the Public Information Officer (PIO) and First Appeal Officer (FAO). It collects the applicant's registered details, the second-appeal relation and reason, officer and office details, RTI details, first-appeal details, supporting documents, and payment details. The manual is a process guide and does not give a formal legal definition of a Second Appeal.

*Manual basis: User Manual pp. 5-12, section 3.*

### Q010. How do I start a Second Appeal application?

Log in with the verified account credentials. On the Applicant Dashboard, select Apply Second Appeal for offline applications. The Application Registration workflow opens at the RTI Instruction step. Read the instructions, tick the acceptance box, and select Next to begin completing the eight stages.

*Manual basis: User Manual pp. 5-6, sections 3 and 3.1.*

### Q011. What is the difference between PIO and FAO?

The manual expands PIO as Public Information Officer and FAO as First Appealing Officer. The workflow treats them as separate offices and officers: one stage captures PIO and Office Details, while a later stage captures First Appeal Office Details. The manual does not provide a broader legal comparison of their powers or responsibilities.

*Manual basis: User Manual pp. 5, 7-10, sections 3, 3.3, and 3.5.*

### Q012. What are the RTI instructions I need to read before applying?

The instruction screen says the portal can be used by Indian citizens for RTI-related online filing and payment; it distinguishes mandatory fields from optional fields; it limits the prescribed application text to 500 characters; it permits longer material as a supporting document; it notes the BPL fee rule and certificate requirement; it says a unique registration number is issued on submission; and it asks applicants to provide a mobile number for SMS alerts. It also refers to the original application registration number for reference and to the first-appeal process.

- Read the full instructions on the live screen because they may carry portal-specific updates.
- The manual does not reproduce a separate legal rulebook; it shows procedural instructions for the portal.

*Manual basis: User Manual pp. 5-6, RTI Application Instruction screenshot.*

### Q013. Do I need to accept instructions before proceeding?

Yes. The manual directs the user to tick the box confirming that the instructions have been read carefully and then select Next. This acceptance step appears before the second-appeal detail stage.

*Manual basis: User Manual pp. 5-6, section 3.1.*

#### Q014. What is the Application Registration form?

It is the eight-step second-appeal workflow displayed after you start the application. The stages shown are: (1) RTI Instruction, (2) Second Appeal Application Details, (3) PIO and Office Details, (4) RTI Details, (5) First Appeal Office Details, (6) First Appeal Application, (7) Documents Details, and (8) Payment Details.

*Manual basis: User Manual pp. 5-12, section 3 and progress-bar screenshots.*

### Payment

#### Q015. Is payment mandatory for all applications?

No. The manual expressly says payment is not mandatory when Complaint is selected under Second Appeal Relation. It also states that no RTI fee is required from a person below the poverty line under the cited RTI Rules, 2012, provided the applicant attaches the required government certificate. For other cases, the manual shows a payment step but does not publish a complete payment-exemption matrix.

*Manual basis: User Manual pp. 6-7 and 12, RTI Instruction, Complaint note, and Payment Details.*

#### Q016. How much does the Second Appeal application cost?

**The fee-selection rule is not specified in the manual.**

The payment screen shown in the manual contains two selectable fee options: Rs. 100 and Rs. 125. The manual does not explain which option applies to which type of filing, nor does it state that one fixed price applies to every Second Appeal. Select only the option the live portal identifies as applicable to your filing.

*Manual basis: User Manual p. 12, Payment Details screenshot.*

#### Q017. What are the payment options available?

The documented method is Pay Fee Online, which redirects the user to an e-Challan page. On that page, the manual instructs the user to select a bank name (bank gateway) and submit the challan. The manual does not list supported banks or confirm card, UPI, wallet, cash, or other methods.

*Manual basis: User Manual p. 12, section 3.8.*

#### Q018. How do I pay the RTI application fee?

At the Payment Details step, tick the applicable fee option and select Pay Fee Online. The portal directs you to the e-Challan form. Choose the bank name in the Bank Gateway field and select Submit to finalize the payment. A transaction-success screen is shown after successful payment.

*Manual basis: User Manual pp. 12-13, section 3.8.*

## INTERMEDIATE QUESTIONS - Common Scenarios

Answers marked "Not specified" intentionally avoid assumptions beyond the source manual.

### Second Appeal Details

#### Q019. What should I select under "Second Appeal Relation"?

**The manual does not define when each relation should be chosen.**

Select either Appeal or Complaint. The manual does not supply a decision rule for choosing between them. It does state the operational consequences of selecting Complaint: payment is not mandatory and supporting documents are optional. Choose the relation that matches the nature of your case under the live portal and applicable RTI guidance.

*Manual basis: User Manual pp. 6-7, section 3.2 and Complaint note.*

#### Q020. What is the difference between Appeal and Complaint?

**Legal distinction is not specified in the manual.**

The manual distinguishes them only operationally within the Second Appeal Relation field. Complaint has two stated conditions: payment is not mandatory, and supporting documents are optional. It does not give the legal definitions, eligibility criteria, or jurisdictional differences between Appeal and Complaint.

*Manual basis: User Manual p. 7, Complaint note.*

#### Q021. Do I need to provide a reason for my appeal?

Yes. The Second Appeal Details stage includes a Second Appeal Reason Type dropdown and a Second Appeal Reason text field. The manual directs users to select a reason type and enter the reason in words.

*Manual basis: User Manual p. 6, section 3.2.*

#### Q022. How many characters can I write in the reason field?

**Field-specific limits beyond the stated 500-character rule are not listed.**

The instruction screen states that the application text entered in the prescribed column is confined to 500 characters. It does not separately publish a different limit for every narrative field, including the Second Appeal Reason field. Treat 500 characters as the manual's stated limit for the prescribed application text and use an attachment for a longer explanation.

*Manual basis: User Manual p. 6, RTI Instruction point on 500 characters.*

#### Q023. What happens if my text exceeds 500 characters?

The manual says that an application containing more than 500 characters can be uploaded in the Supporting Document column. In practice, keep the form text concise and place the extended explanation or supporting narrative in the allowed attachment format.

*Manual basis: User Manual p. 6, RTI Instruction point on longer text.*

#### Q024. Can I use attachments if my text is too long?

Yes. The manual expressly permits material exceeding the 500-character application-text limit to be uploaded as a supporting document. The document-upload screen separately shows a second-appeal supporting-document slot marked Optional.

*Manual basis: User Manual pp. 6 and 11, RTI Instruction and Document Details.*

### BPL Card Holder Process

#### Q025. What is a BPL card and why is it asked in the form?

**The manual does not define BPL eligibility.**

The manual uses BPL to mean the applicant is below the poverty line and asks the applicant to select Yes or No. It is requested because the manual links BPL status to the stated RTI fee exemption and requires supporting

certificate information when Yes is selected. The manual does not define BPL eligibility or explain how the card is issued.

*Manual basis: User Manual pp. 6-7, RTI Instruction and BPL section.*

### **Q026. What documents do I need if I am a BPL card holder?**

The instructions state that a BPL applicant must attach a copy of the certificate issued by the appropriate government along with the application. When Yes is selected in the BPL field, the form also requires BPL Document Number, BPL Document Issue Date, and BPL Issuing Authority before the application can proceed.

*Manual basis: User Manual pp. 6-7, BPL instruction and form screenshot.*

### **Q027. What is the BPL Document Number?**

**No specific number format is stated.**

It is the form field for the identifying number of the BPL document or certificate. The manual does not prescribe a separate number format; enter the document number exactly as it appears on the government-issued BPL certificate or card.

*Manual basis: User Manual p. 7, BPL form screenshot.*

### **Q028. What is the BPL Document Issue Date format?**

The BPL form shows the placeholder dd-mm-yyyy. Enter the issue date in day-month-year order, using two digits for day, two digits for month, and four digits for year.

*Manual basis: User Manual p. 7, BPL form screenshot.*

### **Q029. Who is the BPL Issuing Authority?**

**The manual does not provide an authority list.**

The form asks for the BPL Issuing Authority, meaning the government authority shown on the supporting BPL document. The manual does not list acceptable agencies or authorities, so use the issuing authority stated on the certificate and retain the certificate copy for upload.

*Manual basis: User Manual pp. 6-7, BPL instruction and form screenshot.*

### **Q030. Is BPL information mandatory?**

Selecting BPL status itself is a Yes/No choice. If you choose No, the extra BPL-document fields are not described as required. If you choose Yes, entering the BPL details is mandatory for the portal to process the application further.

*Manual basis: User Manual p. 7, BPL section.*

### **Q031. What happens if I select "Yes" for BPL card holder status?**

The portal displays or requires the BPL document fields: BPL Document Number, BPL Document Issue Date, and BPL Issuing Authority. The manual says these details are mandatory for further processing, and the instruction screen separately requires attachment of the appropriate government certificate.

*Manual basis: User Manual pp. 6-7, BPL instruction and form.*

## **Officer & Office Details**

### **Q032. How do I find the Public Information Officer details?**

At the PIO and Office Details stage, use the dropdowns in the shown order: State, District, Base Department, Office Level, Office Name, and Officer Name. Select the available matching values and then select Next.

*Manual basis: User Manual p. 7, section 3.3.*

### **Q033. What if the officer's name is not in the dropdown list?**

Use the blue link provided below the PIO and Office Details dropdowns. The manual says that if the office and officer details are not listed, the user can enter them through that highlighted link.

*Manual basis: User Manual pp. 7-8, section 3.3.*

#### Q034. Can I manually enter officer details?

Yes. The manual shows a manual-entry screen reached through the blue link. It includes Public Information Officer Name, Designation, Mobile Number, Office Name, Office Address, District, Base Department, and Sub Department Name. Fields marked with an asterisk are mandatory.

*Manual basis: User Manual p. 8, manual-entry screenshot.*

#### Q035. What information do I need about the office?

For dropdown selection, you need enough information to identify the State, District, Base Department, Office Level, Office Name, and Officer Name. For manual entry, the screen additionally asks for designation, mobile number, office address, and sub-department information. The manual does not provide a separate office-data checklist beyond these visible fields.

*Manual basis: User Manual pp. 7-8, PIO and Office Details screens.*

#### Q036. What is the Office Level field?

**The field definition and value list are not specified.**

Office Level is a dropdown field used while selecting the PIO office. The manual shows the field but does not define the available levels or how to distinguish them. Select the option that corresponds to the office structure shown by the portal.

*Manual basis: User Manual p. 7, PIO and Office Details screenshot.*

#### Q037. How do I select the correct state and district?

Use the State and District dropdowns in the PIO/office stage. The screenshot shows Chhattisgarh as the state example and a selectable District field. The manual does not include a state or district master list; select the jurisdiction that matches the office connected to your RTI matter.

*Manual basis: User Manual p. 7, PIO and Office Details screenshot.*

### RTI Application Details

#### Q038. What details should I enter in the RTI Application section?

Enter the RTI Details narrative, the RTI Apply Date Offline, and select the Information received value. The screenshot marks these fields as mandatory. After completing them, select Next to proceed to First Appeal Office Details.

*Manual basis: User Manual p. 8, section 3.4.*

#### Q039. What is the "RTI Apply Date Offline" field?

This is the date field for the original RTI application that was applied offline. The manual calls it RTI Apply Date Offline and places it with the RTI Details section, indicating that it records the date of the earlier offline RTI filing.

*Manual basis: User Manual p. 8, section 3.4 and screenshot.*

#### Q040. What does "Information Received" mean?

**The option meanings are not specified in the manual.**

It is a required dropdown in the RTI Application Details section. The manual does not define the available values or provide a decision rule for selecting them; choose the option in the live portal that accurately represents the information outcome in your case.

*Manual basis: User Manual p. 8, RTI Application Details screenshot.*

#### Q041. What date format should I use for offline application?

The RTI and First Appeal offline-date screenshots use a format such as 17-08-2022. Use dd-mm-yyyy unless the live portal displays a different required format.

*Manual basis: User Manual pp. 8 and 10, RTI and First Appeal Application screenshots.*

## First Appeal Information

### Q042. What is the First Appeal Reason Type?

**The dropdown choices are not listed.**

It is a required dropdown in the First Appeal Application stage. The manual directs users to select the suitable reason from the provided list, but it does not enumerate the reason-type values or explain each one.

*Manual basis: User Manual p. 10, section 3.6.*

### Q043. How is a First Appeal different from a Second Appeal?

**Legal distinction is not specified in the manual.**

Operationally, the manual treats First Appeal as a separate earlier stage whose office and application details must be recorded before completing the Second Appeal workflow. A Second Appeal application includes PIO information, RTI details, first-appeal office details, and first-appeal application details. The manual does not provide the legal definitions or statutory distinction.

*Manual basis: User Manual pp. 5-10, sections 3 through 3.6.*

### Q044. What details are needed for the First Appeal Office?

The First Appeal Office Details screen uses State, District, Base Department, Office Level, Office Name, and Officer Name dropdowns. If the office or officer is not listed, use the blue link to enter manual details. The manual-entry screen shows officer name, designation, mobile, office name, office address, district, base department, and sub-department name.

*Manual basis: User Manual p. 9, section 3.5 and screenshots.*

### Q045. What should the application status show?

**Complete status choices and meanings are not specified.**

Select the status that accurately describes the First Appeal application from the dropdown. The screenshot shows Pending as an example, but the manual does not list every permissible status or define when each should be used.

*Manual basis: User Manual p. 10, First Appeal Application screenshot.*

### Q046. What is the "Save & Next" button used for?

Save & Next records the completed First Appeal Application details and advances the workflow to the next stage, Document Details. Use Back instead when you need to correct information entered in the prior form.

*Manual basis: User Manual p. 10, section 3.6.*

## Document Upload

### Q047. What documents do I need to upload?

The Document Details screen contains upload slots for RTI supporting documents, PIO-related material, First Appeal supporting documents, FAO-related material, and an optional supporting document for the Second Appeal. The manual also requires a copy of the appropriate government certificate for BPL fee treatment. For Complaint applications, supporting documents are optional. The prose does not give a complete document-by-document evidentiary list.

*Manual basis: User Manual pp. 6-7 and 11, RTI Instruction, Complaint note, BPL section, and Document Details.*

### Q048. What file formats are accepted for upload?

The note beneath the upload fields says only .pdf, .jpeg, and .jpg files are allowed. Use one of those formats and ensure the file is readable before selecting Upload.

*Manual basis: User Manual p. 11, Document Details screenshot.*

### Q049. What is the maximum file size for uploads?

**Whether the limit is per file or aggregate is not specified.**

The upload screen note states a maximum file size of 20 MB. The manual does not say whether this is a per-file limit or a combined total for all uploads, so treat 20 MB as the safe maximum for each individual upload field.

*Manual basis: User Manual p. 11, Document Details screenshot.*

### **Q050. What does "Uploaded" status mean?**

After a successful upload, the manual says the portal displays a success indication and the Upload button changes to a green button labelled Uploaded. This confirms that the selected file was accepted by that upload field.

*Manual basis: User Manual p. 11, section 3.7.*

### **Q051. Can I upload documents later?**

**Later-upload capability is not specified in the manual.**

The manual instructs users to upload documents at the Document Details step and then select Next to proceed to payment. It does not document a post-submission or post-payment upload procedure. Complete the relevant uploads before moving to payment unless the live portal explicitly provides a later-upload function.

*Manual basis: User Manual p. 11, section 3.7.*

## ADVANCED AND EDGE-CASE QUESTIONS

Answers marked "Not specified" intentionally avoid assumptions beyond the source manual.

### Complex Scenarios

#### Q052. If I am a BPL card holder, can I apply for a complaint instead of an appeal?

**No explicit BPL-versus-Complaint restriction is stated.**

The manual does not state that BPL applicants are prohibited from choosing Complaint. It treats Second Appeal Relation and BPL status as separate selections. If you select Complaint, the manual says payment is not mandatory and supporting documents are optional; if you select Yes for BPL, the BPL document details still become mandatory for further processing.

*Manual basis: User Manual pp. 6-7, Second Appeal Details, Complaint note, and BPL section.*

#### Q053. What are the two conditions that apply when Complaint is selected?

The manual lists exactly two conditions: payment is not mandatory for a Complaint application, and supporting documents are optional.

*Manual basis: User Manual p. 7, Complaint note.*

#### Q054. Why is payment not mandatory for Complaint applications?

**The rationale is not specified in the manual.**

The manual states the rule but gives no explanation or legal rationale. It only identifies non-mandatory payment as a condition of choosing Complaint.

*Manual basis: User Manual p. 7, Complaint note.*

#### Q055. Can I edit details after clicking Preview but before Submit?

For user registration, yes: the manual instructs users to choose Preview, review the entered details, and select Edit to change them before Submit. In the multi-step Second Appeal workflow, the manual also permits corrections to prior information through Back. It does not show a final Second Appeal preview page comparable to the registration preview.

*Manual basis: User Manual pp. 3 and 10, registration Preview/Edit and First Appeal Back guidance.*

#### Q056. What happens if I click "Edit" on the preview page?

The manual says Edit is used to make changes to the details entered before submission. It is a return-to-form correction option, not a final submission action.

*Manual basis: User Manual p. 3, section 1.*

#### Q057. How many times can I edit my application before submission?

**No numeric limit is specified.**

The manual gives no edit-count limit. It documents that Edit can be used before registration submission and Back can be used to correct prior form details in the workflow, but it does not state how many times those options may be used.

*Manual basis: User Manual pp. 3 and 10.*

### Complaint-Specific Questions

#### Q058. What is the difference between Appeal and Complaint under Second Appeal Relation?

**Legal and procedural distinctions beyond those two conditions are not specified.**

Within the portal workflow, the difference expressly stated by the manual is that Complaint makes payment non-mandatory and makes supporting documents optional. The manual does not explain the legal test, suitable case types, or the authority's treatment of the two relations.

*Manual basis: User Manual p. 7, Complaint note.*

#### Q059. Are supporting documents optional for Complaint applications?

Yes. The manual explicitly states that supporting documents are optional when Complaint is selected under Second Appeal Relation.

*Manual basis: User Manual p. 7, Complaint note.*

#### Q060. If I file a Complaint, do I still need to pay the fee?

Payment is not mandatory for Complaint applications according to the manual. The manual does not explain whether the portal might still display an optional payment path, so follow the live screen while preserving the manual's stated rule.

*Manual basis: User Manual p. 7, Complaint note.*

#### Q061. What reason types can I select for a Complaint?

**Complaint reason-type options are not specified.**

Choose from the reason-type dropdown shown by the portal. The manual says to select a reason type but does not list reason types, and it does not identify a separate Complaint-only set of reason codes.

*Manual basis: User Manual p. 6, section 3.2.*

### Payment Edge Cases

#### Q062. What payment options are available through the online challan?

The manual documents an e-Challan route with a Bank Gateway dropdown. It requires selection of a bank name and submission of the challan; it does not list specific bank gateways or other payment rails.

*Manual basis: User Manual p. 12, section 3.8.*

#### Q063. Do I need to select a specific bank?

Yes. The e-Challan instructions specifically say to select the bank name, highlighted in the screenshot as Bank Gateway, before selecting Submit to finalize payment.

*Manual basis: User Manual p. 12, section 3.8.*

#### Q064. What happens if my online payment fails?

**Failure handling is not specified in the manual.**

The manual shows only the success path and does not describe a failure screen, retry process, reconciliation procedure, or support escalation. Preserve any transaction reference visible on the payment page and consult the live portal or its ContactUs channel for a failed-payment case.

*Manual basis: User Manual pp. 12-13, payment success flow.*

#### Q065. How do I know if my payment was successful?

The manual says a screen is generated upon successful payment. The illustrated e-Challan success screen shows a Treasury Reference Number, Bank Reference Number, Amount, Date of Account, Date and Time of Transaction, Bank Name, Status, and a Print Receipt option. These are the documented indicators to retain.

*Manual basis: User Manual pp. 12-13, payment flow and success screen.*

#### Q066. Can I cancel a payment after submission?

**Cancellation is not specified in the manual.**

The manual does not describe payment cancellation, reversal, refund, or modification after the e-Challan has been submitted. Do not assume that a cancellation control exists.

*Manual basis: User Manual pp. 12-13.*

#### Q067. What if the payment shows 100 Rs. and 125 Rs. options?

**The reason for the two fee amounts is not specified.**

The manual screenshot shows two tick-box options, one for Rs. 100 and one for Rs. 125. It does not explain the classification behind those values. Select the option that the live portal identifies for your case, and do not infer the fee rule from the screenshot alone.

*Manual basis: User Manual p. 12, Payment Details screenshot.*

### Q068. What is the "e-Challan" process?

After you select an applicable fee and choose Pay Fee Online, the portal redirects to an e-Challan form. Review the populated fields, select a Bank Gateway, and select Submit. On success, the challan screen displays transaction references and offers a Print Receipt control.

*Manual basis: User Manual pp. 12-13, section 3.8.*

## Technical/System Questions

### Q069. What is a "Visitor Number" shown on the page?

**Visitor Number meaning is not specified.**

The manual screenshots display a Visitor Number near the bottom of some pages, but the manual does not define its purpose or tell users to use it as an application identifier. Do not confuse it with the unique registration number that the instructions say is issued after application submission.

*Manual basis: User Manual pp. 2-4 (Visitor Number screenshots) and p. 6 (unique registration number instruction).*

### Q070. What do the numbered steps in the Application Registration process mean?

They identify the ordered stages of the Second Appeal workflow: 1 RTI Instruction; 2 Second Appeal Application Details; 3 PIO and Office Details; 4 RTI Details; 5 First Appeal Office Details; 6 First Appeal Application; 7 Documents Details; and 8 Payment Details. Use the numbered bar to confirm where you are before moving forward.

*Manual basis: User Manual pp. 5-12, Application Registration progress-bar screenshots.*

### Q071. What does the green checkmark indicate in the progress bar?

**Visual interpretation; no formal legend is supplied.**

Across the screenshots, earlier stages turn green after they have been completed, while the current form stage is shown in red. This is a visual interpretation of the screenshots; the manual does not provide a formal progress-bar legend.

*Manual basis: User Manual pp. 6-12, progress-bar screenshots.*

### Q072. What does the red circle indicate in the progress bar?

**Visual interpretation; no formal legend is supplied.**

In the screenshots, the red numbered circle marks the stage currently being filled, while prior stages are green. The manual uses this visual convention but does not formally define it in text.

*Manual basis: User Manual pp. 5-12, progress-bar screenshots.*

### Q073. What is "Payment Verification" in the header?

**Function is not specified in the manual.**

Payment Verification appears as a header label in the portal screenshots. The manual does not explain whether it is a menu item, a status service, or a separate verification workflow, so no further function can be confirmed from this document.

*Manual basis: User Manual pp. 5-12, portal screenshots.*

### Q074. How long does email verification take?

**Timing is not specified in the manual.**

The manual says the verification link is sent to the registered email address, but it does not state a delivery timeframe, resend interval, or expiration period for the link.

*Manual basis: User Manual pp. 3-4, registration and password verification.*

## Error Scenarios

### Q075. What if I do not have a valid email address?

The manual states that a valid and active email ID is mandatory for user registration. Because account verification and password creation depend on a link sent to that email, an inactive or inaccessible address will prevent completion of the documented activation process. The manual does not describe alternative verification methods.

*Manual basis: User Manual pp. 2 and 4, registration general information and password verification.*

### Q076. What if I forget to check the "I have read all instructions" box?

The manual directs users to tick the declaration box before selecting Next, both for registration general information and for RTI application instructions. It does not show the exact validation message, but the documented process requires acceptance before proceeding.

*Manual basis: User Manual pp. 2 and 5-6.*

### Q077. What if the dropdown list for officer details is empty?

When the needed office or officer is not listed, the manual directs the user to use the blue manual-entry link. If a dropdown is technically empty or fails to load, the manual provides no troubleshooting steps; the manual-entry option is the only documented alternative for unavailable details.

*Manual basis: User Manual pp. 7-9, PIO/First Appeal Office Details.*

### Q078. What if I cannot find my state in the dropdown?

**A missing-state remedy is not specified in the manual.**

The manual provides no alternative procedure for a missing state. The screenshots show Chhattisgarh as the example state, and the guide is for the Government of Chhattisgarh RTI portal. Use the live portal's available jurisdiction options and ContactUs if the required state is absent.

*Manual basis: User Manual pp. 2 and 7, portal and PIO screenshots.*

### Q079. What if the office details link does not work?

**Link-failure troubleshooting is not specified.**

The manual identifies the blue link as the way to enter unlisted office and officer details, but it provides no repair, alternate URL, or support workflow if that link itself fails. The available ContactUs menu is shown, but no support contact details are published in this manual.

*Manual basis: User Manual pp. 7-9 and portal header screenshots.*

### Q080. What if my document upload fails?

**Failure handling is not specified.**

The manual documents the successful path only: Browse, select a file, select Upload, and confirm the green Uploaded status. Check the documented conditions first: use .pdf, .jpeg, or .jpg and stay within the displayed 20 MB limit. No error codes, retry steps, or recovery rules are described.

*Manual basis: User Manual p. 11, section 3.7.*

### Q081. What error messages might appear during registration?

**Error-message catalogue is not specified.**

The manual shows a successful registration confirmation but does not catalog validation or error messages. It identifies requirements such as valid active email, mandatory starred fields, and the password rule; exact wording of any portal error messages is not available in the manual.

*Manual basis: User Manual pp. 2-4.*

## Data & Validation

### Q082. What does "All the field marked star (\*) are mandatory" mean?

It means every form field bearing an asterisk must be completed before the portal will accept that stage. The manual repeats this message on form screens and uses asterisks beside required labels.

*Manual basis: User Manual pp. 3, 8, 10-11, form screenshots.*

### Q083. Which fields are optional and which are mandatory?

The general rule is simple: starred fields are mandatory; fields without a star are not marked as mandatory in the screenshots. On the registration screen, starred items include Applicant Type, Name in English, E-mail ID, Mobile No, Caste Type, Gender, Address in English, Pincode, and District. The manual does not publish a single consolidated mandatory-field list for every stage, so check the asterisk markers on each live screen.

*Manual basis: User Manual p. 3, registration screenshot; pp. 8, 10-11, stage screenshots.*

### Q084. What character limit applies to different fields?

**Most field-specific character limits are not specified.**

The manual specifies three quantitative controls: application text in the prescribed column is limited to 500 characters; a password must be at least 8 characters; and uploaded files may be up to 20 MB. It does not state maximum character counts for names, addresses, reason fields, officer fields, BPL document number, or other text boxes.

*Manual basis: User Manual pp. 4, 6, and 11.*

### Q085. Can I enter special characters in the reason field?

**Character-set rules are not specified.**

The manual does not state an allowed-character policy for appeal reasons. It confirms a 500-character application-text limit and recommends an attachment for longer content, but it does not say whether any particular special characters are accepted or blocked.

*Manual basis: User Manual p. 6, RTI Instruction.*

### Q086. What if I enter an inactive email address?

**Post-submission email-change process is not specified.**

The manual requires a valid and active email address. The activation link is sent to that address, so an inactive address cannot complete the documented verification and password-creation path. The manual does not state whether the portal allows the address to be changed after registration submission.

*Manual basis: User Manual pp. 2-4.*

### Q087. How is the password different from a PIN?

**The manual does not use a PIN concept.**

The manual discusses only a password. It specifies a minimum length and character composition for that password, but it does not define a PIN, request a PIN, or explain any password-versus-PIN distinction.

*Manual basis: User Manual p. 4, section 2.*

### Q088. What happens if I use a weak password?

**Exact validation behavior is not specified.**

A password that does not have at least 8 characters, one lowercase letter, one uppercase letter, and one special character does not meet the documented requirement. The manual does not show the rejection message or describe whether there are additional strength checks.

*Manual basis: User Manual p. 4, section 2.*

## Workflow Questions

### Q089. In what order do I fill the application form?

Follow the numbered workflow in order: RTI Instruction; Second Appeal Application Details; PIO and Office Details; RTI Details; First Appeal Office Details; First Appeal Application; Documents Details; and Payment Details. Use Next or Save & Next to advance, and Back where provided to correct prior information.

*Manual basis: User Manual pp. 5-12, section 3.*

### Q090. What is the purpose of each step in the registration process?

For the Second Appeal Application Registration workflow: Step 1 confirms instruction acceptance; Step 2 records appeal/complaint relation, reason, and BPL choice; Step 3 records PIO and office; Step 4 records original RTI information; Step 5 records First Appeal office; Step 6 records First Appeal application, date, and status; Step 7 collects documents; and Step 8 handles payment where applicable.

*Manual basis: User Manual pp. 5-12, sections 3.1-3.8.*

### Q091. Why do I need to enter both PIO and First Appeal Officer details?

**The policy rationale is not specified.**

The manual requires separate PIO and First Appeal Office stages because the Second Appeal workflow captures both the original RTI officer/office and the First Appeal officer/office. The manual does not state the policy or legal rationale beyond this form structure.

*Manual basis: User Manual pp. 7-10, sections 3.3 and 3.5.*

### Q092. What should I do if I have entered wrong information in the previous step?

Use Back when the step provides it to return to the preceding form and correct earlier entries. For user registration specifically, use Preview, then Edit before Submit. The manual shows these correction paths but does not describe corrections after a fully submitted and paid application.

*Manual basis: User Manual pp. 3 and 10-11.*

### Q093. Can I save a draft application and complete it later?

**Draft behavior is not fully specified.**

The dashboard screenshot includes a List of incomplete application second appeal, which suggests that incomplete work may be visible to the user. However, the manual does not describe a Save Draft button, automatic saving, expiry period, or a documented resume procedure. Do not rely on draft retention without confirming on the live portal.

*Manual basis: User Manual p. 5, Applicant Dashboard screenshot.*

### Q094. What happens after successful payment?

The manual shows an e-Challan transaction-success screen containing reference numbers, transaction date and time, amount, bank name, status, and a Print Receipt option. It does not describe a further portal acknowledgment, application-status change, or email notice after that payment screen.

*Manual basis: User Manual p. 13, e-Challan success screenshot.*

### Q095. Will I receive a confirmation email after application submission?

**Application-submission email confirmation is not specified.**

The manual confirms an email verification link for account registration. It also says applicants should provide a mobile number to receive SMS alerts. It does not explicitly promise an email confirmation after Second Appeal application submission or payment.

*Manual basis: User Manual pp. 3-4 and 6.*

## BPL & Financial Aid

### Q096. What percentage of people qualify as BPL card holders?

**BPL qualification statistics are not specified.**

The manual gives no percentage, threshold, income rule, or population statistic for BPL qualification. It only treats BPL as a Yes/No application status and refers to a government-issued certificate.

*Manual basis: User Manual pp. 6-7.*

### Q097. Do BPL card holders get a fee waiver?

The manual says no RTI fee is required from a citizen below the poverty line under the cited RTI Rules, 2012. It adds that the applicant must attach a copy of the appropriate government certificate along with the application.

*Manual basis: User Manual p. 6, RTI Instruction.*

### Q098. Is RTI fee waived for BPL card holders?

According to the manual, yes: it states that an RTI fee is not required for a citizen below the poverty line, subject to the certificate requirement. The manual does not explain how the fee-waiver rule interacts with every possible appeal or complaint screen beyond that statement.

*Manual basis: User Manual p. 6, RTI Instruction.*

### Q099. What supporting documents are needed to verify BPL status?

Attach a copy of the certificate issued by the appropriate government. The form additionally asks for the BPL Document Number, Document Issue Date, and Issuing Authority when BPL status is Yes.

*Manual basis: User Manual pp. 6-7.*

### Q100. How is BPL status verified?

**Verification process is not specified.**

The manual requires the BPL certificate copy and form details, but it does not describe the verification agency, verification method, timing, acceptance standards, or what happens if the certificate is rejected.

*Manual basis: User Manual pp. 6-7.*

## Regulatory/Policy Questions

### Q101. What is the Right to Information (RTI) Act?

**Formal legal definition is not provided in the manual.**

The manual identifies RTI as Right to Information and presents a Government of Chhattisgarh portal for RTI-related filings. A portal screenshot describes RTI as a fundamental right under Article 19(1), but the manual does not provide the Act's text, scope, exemptions, or authoritative legal interpretation. This guide therefore cannot substitute for the Act or official legal advice.

*Manual basis: User Manual p. 2, portal screenshot; pp. 5-6, RTI instruction.*

### Q102. Who can file an RTI application?

The instruction screen states that the web portal can be used by Indian citizens to file RTI applications online and to make online payment. It does not provide a complete eligibility analysis, exception list, or representation rules for every filing type.

*Manual basis: User Manual p. 5, RTI Application Instruction screenshot.*

### Q103. What is a Second Appeal vs. First Appeal in RTI?

**Formal legal comparison is not specified.**

The manual depicts First Appeal as an earlier application stage whose office, reason type, details, offline date, and status must be supplied. It then uses those data within a Second Appeal workflow. It does not provide the legal definitions, deadlines, or statutory separation of the two remedies.

*Manual basis: User Manual pp. 5-10, sections 3 through 3.6.*

#### Q104. What is the purpose of filing an appeal after the first response?

**Legal purpose is not specified.**

The manual does not explain the legal purpose. Operationally, it shows a Second Appeal application path that requires first-appeal information, indicating that the portal records the prior appeal before the Second Appeal process is completed.

*Manual basis: User Manual pp. 5-10.*

#### Q105. What are the legal rights after filing a Second Appeal?

**Legal rights are not specified.**

The manual provides no statement of legal rights after filing, hearing rights, remedies, deadlines, or decisions. It only shows dashboard status categories such as Pending, First Hearing, Next Hearing, and Ordered.

*Manual basis: User Manual p. 5, Applicant Dashboard screenshot.*

#### Q106. How long does the government have to respond to a Second Appeal?

**Response time is not specified.**

The manual does not state any statutory or administrative response time, hearing timetable, or service-level target for a Second Appeal.

*Manual basis: User Manual pp. 5-13.*

#### Q107. What happens if the applicant is not satisfied with the reply?

**Decision criteria are not specified.**

The manual does not give a narrative decision rule. It provides the Second Appeal workflow in which the applicant selects Appeal or Complaint, chooses a reason type, supplies the reason, and records the earlier RTI and First Appeal information. Use the live portal and applicable RTI guidance to decide the legally appropriate option.

*Manual basis: User Manual pp. 5-10, sections 3.1-3.6.*

### Accessibility & Support

#### Q108. Is there a helpline for RTI applicants?

**Specific helpline details are not specified.**

The manual screenshots show a ContactUs menu item, but they do not give a helpline number, email address, hours, or escalation process. Use the live portal's ContactUs page for current support information.

*Manual basis: User Manual pp. 2-5, portal header screenshots.*

#### Q109. Can I download the application after submission?

**Application download is not specified.**

The manual does not describe downloading or printing a submitted Second Appeal application. It does show a Print Receipt option for a successful e-Challan transaction, which is a payment receipt rather than a documented application-download feature.

*Manual basis: User Manual p. 13, e-Challan success screenshot.*

#### Q110. How do I track my application status?

The Applicant Dashboard shows count tiles for Total, Pending, First Hearing, Next Hearing, and Ordered. The manual does not provide step-by-step instructions for opening an individual application, filtering results, or interpreting each status beyond the labels shown.

*Manual basis: User Manual p. 5, Applicant Dashboard screenshot.*

#### Q111. What does "Notices" section show?

**Function is not specified.**

Notices appears as a dashboard menu item, but the manual does not describe its contents, publication schedule, filters, or actions. It may be relevant to application communications, but that function is not confirmed by the guide.

*Manual basis: User Manual pp. 5-12, dashboard sidebar screenshots.*

### **Q112. What does "Next Notice" mean?**

**Function is not specified.**

Next Notice appears as a separate dashboard menu item. The manual does not define whether it means the next hearing notice, a future notification, or something else.

*Manual basis: User Manual pp. 5-12, dashboard sidebar screenshots.*

### **Q113. How do I view previously submitted applications?**

**Submitted-application history steps are not specified.**

The dashboard presents application-count tiles and a list labelled incomplete application second appeal. The manual does not document a separate history screen or exact procedure for opening previously submitted applications. Use the dashboard controls available in the live portal.

*Manual basis: User Manual p. 5, Applicant Dashboard screenshot.*

## INTEGRATION TEST QUESTIONS

Answers marked "Not specified" intentionally avoid assumptions beyond the source manual.

### Multiple Accounts, Records, and Lifecycle

#### Q114. Can a single user file multiple Second Appeal applications?

**Multiple-application policy is not explicitly specified.**

The dashboard displays a Second Appeal Application Count and uses application-status counts, which is consistent with the portal tracking multiple matters. However, the manual does not expressly state that a single account may file multiple applications or identify any numerical limit.

Manual basis: User Manual p. 5, Applicant Dashboard screenshot.

#### Q115. Can I have multiple accounts with different email addresses?

**Multiple-account policy is not specified.**

The manual requires a valid active email ID for registration and uses the email address as the login ID. It does not state whether the same person may create multiple accounts using different email addresses, or whether duplicate accounts are restricted.

Manual basis: User Manual pp. 2 and 4.

#### Q116. Is there a limit on the number of applications per user?

**Application limit is not specified.**

No per-user application limit is stated in the manual. The displayed count tiles do not establish a maximum.

Manual basis: User Manual p. 5, Applicant Dashboard screenshot.

#### Q117. Can I modify an application after it has been submitted and paid for?

**Post-submission modification is not specified.**

The manual documents correction before submission: Edit on the registration preview and Back in earlier workflow steps. It does not describe modifications after a Second Appeal has been submitted and paid for. Do not assume post-payment editing is available.

Manual basis: User Manual pp. 3, 10-13.

#### Q118. Is there an audit trail for all applications?

**Full audit-trail functionality is not specified.**

The manual says a unique registration number is issued upon application submission for future reference. The payment-success screen also shows treasury and bank reference numbers. It does not describe a full audit trail, event history, timestamps for every edit, or access logs.

Manual basis: User Manual pp. 6 and 13.

#### Q119. How long are applications stored in the system?

**Retention policy is not specified.**

The manual does not state data-retention duration, archival rules, deletion policy, or how long incomplete applications remain available.

Manual basis: User Manual pp. 5-13.

## Appendix A - Manual-Confirmed Limits and File Rules

| Item             | Manual-confirmed rule                                                                                    | Manual reference |
|------------------|----------------------------------------------------------------------------------------------------------|------------------|
| Password         | Minimum 8 characters; at least 1 lowercase letter, 1 uppercase letter, and 1 special character.          | p. 4             |
| Narrative text   | Text in the prescribed application column is limited to 500 characters; longer material can be attached. | p. 6             |
| BPL evidence     | Certificate copy issued by the appropriate government is required for the stated BPL fee rule.           | p. 6             |
| BPL fields       | When BPL is Yes: document number, issue date (dd-mm-yyyy), and issuing authority are required.           | p. 7             |
| Upload formats   | Only .pdf, .jpeg, and .jpg are allowed.                                                                  | p. 11            |
| Upload size      | Maximum file size shown is 20 MB.                                                                        | p. 11            |
| Complaint        | Payment not mandatory; supporting documents optional.                                                    | p. 7             |
| Success evidence | e-Challan success screen shows references and offers Print Receipt.                                      | p. 13            |

## Appendix B - Questions the Manual Does Not Resolve

The following topics appeared in the requested question set but are not documented by the supplied manual: exact legal definitions of Appeal and Complaint; response deadlines; legal rights after filing; BPL eligibility percentages; fee-option classification for Rs. 100 versus Rs. 125; full payment-failure or cancellation handling; email-verification timing; available reason/status values; draft retention; multiple-account and application limits; post-payment editing; audit trails; data retention; and a helpline number. These matters require confirmation from an authoritative, current source outside this manual.

**Use the portal's live ContactUs page or the responsible authority for items marked "Not specified in the manual."**
